

Senior Dynamics NAV/BC Developer

Do you thrive when finding creative and best-in-class solutions for complex problems? Are you a team player by nature ready to take on an essential role in all steps of the software development lifecycle in an international business? Do you want to continue to develop your skills and work with new and exciting solutions?

Attitude matters

As a person, you are passionate about software development and driven by the desire to develop your professional and personal competencies by immersing yourself in new functionalities. You are a team player, and it is natural for you to share knowledge and inspire and support your colleagues, which is also reflected in your contribution to team discussions. You thrive when finding creative solutions to complex problems.

A job with a focus on transforming the business through new technologies.

As a Dynamics NAV/BC Developer, you will have a crucial position in developing critical new enterprise applications that create value for our employees and customers. In collaboration with the rest of the team, you will refine, estimate, develop, test, and document the functionalities we develop, always under an agile methodology approach. We are looking for committed and ambitious NAV/BC developers who are passionate about software development and want to be a part of an international company striving to optimize our business. To succeed in the position, we would like you to have 5+ years of experience with NAV/BC and that you master English on a professional level – both orally and written.

In addition, one or more of the following will be seen as an advantage but not a requirement:

- Knowledge/experience in C#/.NET.
- Knowledge/experience in webservice integrations.
- Danish speaking skills

However, your background is not crucial, as we value a person with the right attitude.

About Plantas Group

Plantas Group is a strong player on the European stage. Our family consists of 7 companies in Denmark, Germany, Poland, and Holland that deliver plants, cut flowers, and accessories to most of Europe on a daily basis. We sell through several sales channels, including wholesalers, DIY, garden centers, supermarkets, and florists.

If we have piqued your interest:
